

Benefits of Growing and Protecting Trees

Trees provide shade
and keeps the
temperature cool

Trees are home to
different birds
and insects

Trees give us
medicine which
can cure us when
we are sick

Trees take in carbon
dioxide and give out
oxygen which is
necessary and
important for life.

Trees are
TERRIFIC!!

Trees protect
the soil from
erosion and
landslides

Come and see us at the Department of
Environmental Quality's booth during
Earth Day Celebration 2019
Saturday, April 27th
